GRAPHICS/PUBLICATIONS: Before you begin any work for publication, consult the JBOSC Graphics Department. According to the print shop, approximately three jobs per week have to be reworked because of problems with alignments, reductions, and postscript formats. By consulting with JBOSC Graphics first, you will eliminate wasted time and effort to rework your project. Graphics will ensure your artwork is produced efficiently and is suitable for reproduction. Graphics has electronic transfer capability, a proven method for first quality prints directly from the original, compared to low density reproductions from copied artwork. For information, call 867-3838. (FF-S2-A)

EMERGENCY MEDICAL ASSISTANCE: NASA has contracted with SOS International to provide emergency medical assistance for NASA Civil Service and contractor employees who are traveling overseas on official NASA business. An informative Equal Employment Opportunity Program poster with counselors' identities and further complaint information is on all KSC Official Bulletin Boards. EEO Counselors are trained to inform you of your rights, answer your questions, and can do limited fact finding into your allegations. Counseling is a confidential process, and only the employee can authorize a counselor to discuss his or her issues with another party. For further information, contact the KSC EO Program Office at 867-2307. (A.J)

POSTAGE PAID ENVELOPES: The use of postage-paid envelopes to file job applications is prohibited. Specifically, the Office of Personnel Management (OPM) has stated that it is improper to use postage-paid agency envelopes to file job applications for competitive examinations and agency merit promotion/competitive placement plans, or to appeal ratings received under these programs. OPM considers such use of Government envelopes to be personal, not for official business only, and, therefore, a violation of OPM and U.S. Postal regulations pertaining to the use of Government property.
